ELARA Ripple Glass IP65 LED Wall Light

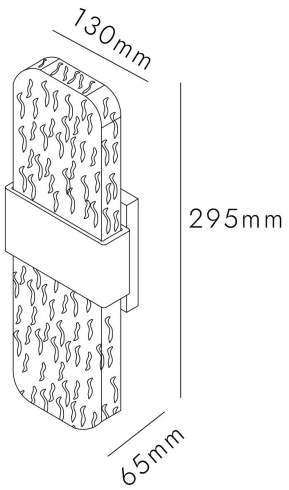

The Elara Ripple Glass LED Wall Light features a sleek, modern design with beautifully textured ripple glass that creates an elegant lighting effect. Powered by a 10W LED with an output of 794 lumens, it features tri-colour technology with selectable 3000K, 4000K and 6000K colour temperatures. Available in Black, White, Gold and Antique Brass finishes, its IP65 rating makes it suitable for both indoor and outdoor applications, combining contemporary style with practical illumination.
