

DASH 48 4 Blade DC Click In Blade Ceiling Fan

Dash 48 is a modern ceiling fan featuring four quick-install click-in blades for simple and efficient assembly. With a maximum airflow of 12,078m³/h, it includes a 3-speed wall control for comfortable and effective air circulation. The wall control requires no neutral wire, making it suitable for both new and existing installations. Its standard rotary switch mechanism features a detachable control box, allowing compatibility with most suitable rotary fan dials. *PATENT PENDING*
